DEADLINE FOR THE CARING FOR COMMUNITY PROGRAM QUICKLY APPROACHING

DRIGGS, ID - January 18, 2008 is the deadline for applications for Silver Star Communications' Caring for Community donation program. Caring for Community is an annual giving program that provides funds to community non-profit organizations. Silver Star Communications began the program in 2004 to accommodate the growing needs of Teton Valley's non-profit organizations.

"This program enables us to look at each organization's specific projects and the community's needs as a whole. Because we are able to look at all of the programs at once, we are not as likely to have to say no to a really great program request in 3rd or 4th quarter when we've already spent our budgeted amount for the year," stated Jennifer Brannen, Marketing Director for Silver Star Communications.

Each year the program sees repeat applicants, but word about the program is spreading and the number of new applicants is on the rise. The program is designed for rotated giving, meaning that organizations must apply each year and may receive funding one year but not the next due to demand. Over the past two years the program has supported many worthy causes: Driggs Elementary School PTO, Family Safety Network, Friends of the Teton River, Grand Teton Races, Senior Citizens of Teton County, Subs for Santa, Teton Arts Council, Teton Booster Club, Teton County Fire Protection District, Teton County Horse Association, Teton County Search & Rescue, Teton Regional Land Trust, Teton Valley Community Recycling, Teton Valley Community School, Teton Valley Education Foundation, Teton Valley Health Care Foundation, Tetonia Elementary PTO, The Children's Garden at MD Nursery & Landscaping, Valley of the Teton Library, and the Volunteer Tutoring Program of Teton Valley.

Non-profits interested in applying for the donation program should visit www.silverstar.com to download an application or visit any Silver Star Communications office to pick up an application.
